QUALITY ASPECTS

We at Resonant Pharmaceuticals Pvt. Ltd. strongly believe that for any pharmaceutical company to survive & prosper, it should have perception of quality in every process of Pharmaceutical formulation.

We have our own in-house, sufficiently equipped & fully functional Instrumental analysis Laboratory, Wet analysis laboratory & a separate Microbiological testing laboratory where Raw material, packaging material, in – process, finished products & Stability analysis are carried out for ensuring the quality at each & every step of manufacturing.

Each product is being tested for safety, quality & efficacy.

However wherever needed we also utilize the services of other reputed laboratories for carrying out the various tests.

We The Team Resonant (Resonant Pharmaceuticals Pvt. Ltd.) are committed to produce quality products, fulfilling customer requirements.
